BRADY B-427 THERMAL TRANSFER PRINTABLE TRANSLUCENT VINYL TAPE

TDS No. B-427
Effective Date: 11/17/2021

Description:

GENERAL
Print Technology: Thermal Transfer
Material Type: Translucent vinyl
Finish: Provided in a self-laminated format with a white printable zone and a translucent overlaminating area.
Adhesive: Permanent acrylic

APPLICATIONS
B-427 is an excellent material for wire and cable identification. This material has good clarity, conformability and is self-extinguishing. B-427 has outstanding water and oil resistance.

RECOMMENDED RIBBONS
Brady Series R4300 black and R4500 colored (red, blue, green) for thermal transfer printing.

REGULATORY/AGENCY APPROVALS
B-427 is UL Recognized to UL969A Labeling and Marking Standard when printed with the Brady Series R4300 and R7950 ribbons. See UL files MH64936 (Brady Worldwide, INC.) and MH9997 (W H Brady NV) for specific details. Brady customers should specify at purchase if they require UL969A Recognized B-427 labels. Brady sells both UL969 Recognized B-427 labels and non-approved labels depending on customer requirements.

B-427 is UL Recognized to UL2238 Cable Assemblies and Fittings for Industrial Control and Signal Distribution Standard, Section 37.16 "Tests for permanence of wrap around cord or cable label" when printed with the Brady Series R4300 and R7950 ribbons. See UL files MH62024 (Brady Worldwide, Inc.) or MH62052 (W H Brady NV) for specific details. Brady customers should specify at purchase if they require UL2238, Section 37.16 Recognized B-427 labels. Brady sells both UL2238, Section 37.16 Recognized B-427 labels and non-approved labels depending on customer requirements.

Performance properties tested with white printable zone of B-427 printed with Brady Series R4300 black thermal transfer ribbon. Samples wrapped around 0.080" OD TFE wire in a self-laminating format.

### PERFORMANCE PROPERTIES | TEST METHODS | TYPICAL RESULTS
--- | --- | ---
High Service Temperature | 30 days at 158°F (70°C) | No visible effect at 158°F (70°C). Moderate discoloration at 212°F (100°C) but still functional.
Low Service Temperature | 30 days at -94°F (-70°C) | No visible effect
Humidity Resistance | 30 days at 100°F (37°C), 95% R.H. | No visible effect
UV Light Resistance | ASTM G155, cycle 1, Dry 30 days in Q-Sun Xenon Test Chamber | No visible effect
Weatherability | ASTM G155, Cycle 1 30 days in Xenon arc Weather-Ometer® | No visible effect

### PERFORMANCE PROPERTIES | CHEMICAL RESISTANCE
--- | ---
White printable zone of B-427 was printed with Brady Series R4300 black thermal transfer ribbon. Samples wrapped around 0.080" OD TFE wire in a self-laminating format. Except where noted, testing was conducted at room temperature after 24 hour dwell. Testing consisted of 5 cycles of a 10 minute immersion in the specified test fluid followed by a 30 minute recovery period.

B-427 is not recommended for use in harsh organic solvents such as methyl ethyl ketone, acetone, or 1,1,1-trichloroethane.

Shelf Life and Fitness for Use: Product testing, customer feedback, and history of similar products, support a customer performance expectation of one year from the date of receipt for this product as long as this product is stored in its original packaging in an environment below 80°F (27°C) and 60% RH. However, it remains the responsibility of the user to assess the risk of using such product. We encourage customers to develop functional testing protocols that will qualify a product's fitness for use, in their actual applications.

**WARRANTY**
Brady products are sold with the understanding that the buyers will test them in actual use and determine for themselves their adaptability to their intended uses. Brady warrants to the buyers that its products are free from defects in material and workmanship, but limits its obligations under this warranty to replacement of the product shown to Brady's satisfaction to have been defective at the time Brady sold it. This warranty does not extend to any persons obtaining the product from the buyers. This warranty is in lieu of any other warranty, express or implied, including, but not limited to, any implied warranty of merchantability or fitness for a particular purpose, and any other obligations or liability on Brady's part. Under no circumstances will Brady be liable for any loss, damage, expense, or consequential damages of any kind arising in connection with the use, or inability to use, Brady’s products.
